

# Aquafeed Market Size, Share, Impressive Industry Growth, Analysis Report 2030

*Global aquafeed market was estimated at \$78.68 billion in 2020 and is expected to hit \$131.92 billion by 2030, registering a CAGR of 5.6% from 2021 to 2030.*

PORTLAND, OREGON, UNITED STATES, May 17, 2023 /EINPresswire.com/ -- Developments in the aquaculture industry, increase in fish and seafood consumption, availability and flexibility in the usage of alternative raw materials, and rise in disposable income of people drive the growth of the [aquafeed market](#). On the other hand, increasing cost of raw materials restrains the growth to some extent. However, growing dependence on aquaculture is projected to create lucrative opportunities in the industry.
