We're honored to include Christopher Hadnagy into our BoLAA family."

Aurora DeRose

Christopher Hadnagy is the founder and CEO of [Social-Engineer, LLC](#). The company specializes in the art, science, and psychology of social engineering. They aim to become the world's premier social engineering testing and education resource founded on ethics and science. They focus on human-based social engineering attacks.

Chris is also a well-known author, having written five books on social engineering. Chris' new

book, "Human Hacking: Win Friends, Influence People and Leave Them Better Off for Having Met You", released January 5, 2021.

Chris is an Adjunct Professor of Social Engineering for the University of Arizona's NSA designated Center of Academic Excellence in Cyber Operations (CAE-CO). He also lectures and teaches about social engineering around the globe. Moreover, he's been invited to speak at the Pentagon, as well as other high secure facilities. Additionally, as the creator of the world's first Social Engineering Capture the Flag (SECTF), Chris leads the way in educating people on this serious threat.

Chris works with some of the world's leaders in scientific research for the purpose of acquiring a deeper understanding of social engineering. Notably, Chris authored a book with Dr. Paul Ekman regarding the use of nonverbal communication by social engineers.

Chris is certified as an Offensive Security Certified Professional (OSCP) as well as an Offensive Security Wireless Professional (OSWP). He is also the creator of the Social Engineering Pentest Professional (SEPP) and Master's Level Social Engineering (MLSE) Certifications.
