India Advanced Wound Care Management Market

India Advanced Wound Care

Management Market Size Projections : India advanced wound care management market is estimated to be valued at US\$ 227.2 million in 2022 and is expected to exhibit a CAGR of 5.5% during the forecast period (2023-2030).

Healthcare professionals employ advanced wound care products. It is a therapeutic strategy to guarantee successful wound healing. Moisture therapy is an advanced wound care management technique that creates a moist environment that promotes the body's natural healing process. Hydrogels, alginates, hydrocolloids, and film and foam dressings are among the supplies utilised in the treatment of moist wounds. In addition to maintaining a moist environment, this therapy also regulates temperature, permits oxygen to flow, eliminates dead tissue, guards against external infection, and lessens discomfort brought on by dressing changes.
