**Lightweight**  
Mod-Sport temporary fence panels are lightweight at only 17lbs. per panel, compared to wood and metal fencing which can weigh 2x - 3x more. Your back will thank us!

**Durable**  
Built strong, white PVC fence panels create a clean aesthetic. Remove dirt or debris simply by hosing off the fence, or with a gentle scrub using a magic eraser.

**Reconfigurable**  
Prefab sport field fence panels are reusable to accommodate any age group. Rapid install allows you to change layouts in a matter of minutes between games!

Mod-Sport 7ft Outfield Fence Panels

The new [Mod-Sport 7ft Outfield Fence](#) is designed to provide customers with a durable, yet lightweight outfield fence solution for games and leagues of all sizes. Mod-Sport is built for quick install and break down in just a matter of minutes without any tools and can be used over and over again to accommodate any age group.

“

Hit a home run anywhere with Mod-Sport portable outfield fencing panels!”

Gauro Coen

The upgraded Mod-Sport 7ft Fence offers greater ease of use, functionality and flexibility. The [freestanding outfield fence](#) can be used on natural or synthetic turf to build

baseball, softball, soccer fields and more of any size. Clients can change up their field fencing layout in a matter of minutes between games.

Mod-Sport 7ft Outfield Fencing comes with special TechnoTip™ joints that allow the base to fold flat, preventing potential injuries by collapsing during on-field collisions and allows for simple transportation and storage.

Lightweight and easy to move, [Mod-Sport 7ft Sport Fencing](#) is perfect for sporting and other outdoor events at high schools, universities, parks, community leagues, and sport-plexes of all sizes. Available in two different mesh color options (white and black), the portable and reusable sport fence panels allow sport fields the option to host teams and leagues of all age ranges.

Mod-Fence Systems is continuing to lead the way in the event and sport fencing industry. Their expanded product line is a testament to this commitment, and is designed to provide customers with the flexibility to create a custom outfield fencing solution that meets their specific needs.
