

# Amanotes and TheFatRat collab to launch electrifying new track "HUNGER" across top music games

SINGAPORE, May 24, 2023

[/EINPresswire.com/](https://EINPresswire.com/) -- Amanotes, a leading Interactive Music Company with many top-charting music games, is thrilled to announce its partnership with Gaming Music artist TheFatRat, in releasing his latest electrifying hit, "HUNGER" across their top games. In a remarkable display of generosity, TheFatRat has pledged to donate all the profits from "HUNGER" to support children in Manila in their pursuit of education through the Purple Community Fund.

"HUNGER" debuted simultaneously in Amanotes' top-charting games on May 10th. Players of popular music games such as Magic Tiles 3, Tiles Hop, and Dancing Road, among others, were treated to the pulsating beats and infectious melodies of "HUNGER". This synchronized release across multiple apps showcases the strong bond between TheFatRat and Amanotes, further cementing their commitment to delivering exceptional interactive music experiences to a global audience.

"HUNGER" is the continuation of TheFatRat's story that began in "Out Of The Rain", focusing on two siblings living under dire circumstances in a futuristic city. The younger brother possesses creative abilities, while the older sister is a fierce protector, despite desiring peace. TheFatRat envisioned the artwork for this song with the main characters living in trash mountains and while looking for inspirational images he found the Manila trash mountains, where children and their families live in the fuming, malodorous, and often poisonous trash. This prompted him to take action by pairing up with Jane from the Purple Community Fund to improve education opportunities for children in Manila, recognizing that education is key to breaking the cycle of

poverty.

Notably, TheFatRat's generosity extends beyond the release of "HUNGER". By donating all the profits from the song, TheFatRat aims to provide children in Manila with access to education through Purple Community Funding. This generous initiative showcases the shared values of Amanotes and TheFatRat, highlighting their dedication to making a positive impact on society and supporting underprivileged communities. Each 50 Euro a month supports one child to go to school and the long term goal is to help every child in the landfills.
