

# Request for Proposal - Child Care Biz Help Seeks Child Care Center Partner for Innovative Madison, SD Project

MADISON, SD, USA, May 23, 2023

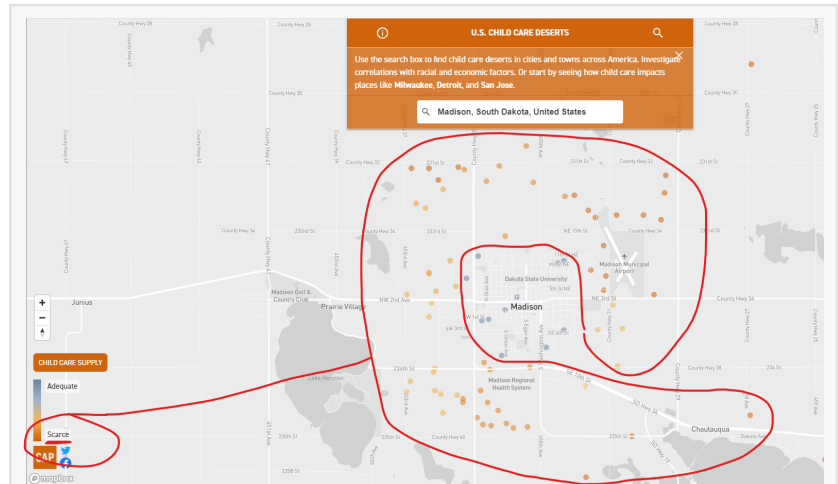

[/EINPresswire.com/](https://EINPresswire.com/) -- Child Care Biz Help, in collaboration with the Lake Area Improvement Corporation (LAIC), is taking a significant step forward in addressing the urgent childcare needs in Madison, South Dakota. The partners have embarked on an ambitious project to establish a state-of-the-art childcare center.

To bolster the momentum of this initiative, Child Care Biz Help is announcing a Request for Proposal (RFP) to find a seasoned, quality childcare provider to operate the new center.

The dire shortage of childcare services in Madison, qualifying it as a childcare desert, has affected the local community significantly. Parents, especially working ones, have been left with minimal options. The planned childcare center is part of a strategic solution to bridge this gap, providing accessible and high-quality childcare services for over 100 children, from infancy through five years old.

This new center is more than just a childcare facility. It represents an essential pillar of the community's social and economic infrastructure, providing critical support to local families and the workforce. The facility is planned to be a hub of educational, social, and recreational activities, complementing the vibrant community spirit of Madison.

The call for proposals is now open to experienced, high-quality childcare providers interested in

Madison, SD Childcare desert

Lake Area Improvement Corporation - Madison, SD

operating the new center. Applicants should be prepared to deliver exceptional, impactful early childhood education services to the children of Madison, thus, helping shape the community's future. The selection criteria will emphasize quality, experience, and a demonstrated commitment to the children and their families.

Proposals must be submitted via email by June 28th. The full details, requirements, and additional contact information for questions and submissions are available at the following link:
