IRVINE , CA, USA, May 23, 2023

/EINPresswire.com/ -- [DCube Data](#)

[Sciences Corp.](#), a leading provider of cybersecurity and e-Discovery services

with offices in New York, California and Toronto, and a primary support services and development center in Hyderabad, India, has announced Brian Gray will be joining as a Vice President of Business Development. In his new role, Brian will drive growth and expansion of the company's portfolio primarily focusing on e-Discovery, Document Review and Cyber Security.

“

I'm thrilled to have Brian join DCube Data Sciences. As a minority owned enterprise, we look forward to showcasing our team and talents and Brian will bring our talented team to a great audience.”

Paul Kelley, CEO DCube Data

With over 15 years of experience in the e-Discovery and Information Governance industry, Brian has held senior business development positions at Merrill Legal Solutions, Advanced Discovery, and Consilio, and most recently served as Vice President at Rational Data.

Paul Kelley, Chief Executive Officer of DCube, expressed excitement about Brian's appointment, saying, "I'm thrilled to have Brian join DCube Data Sciences and look forward to expanding our team and support Brian's clients. Brian has a long history of success, and we look forward to

supporting his clients and integrating DCube's solutions address those needs. As a minority owned enterprise, we look forward to showcasing our team and talents and Brian will bring our talented team to a great audience."

DCube specializes in providing services to strategic partners, law firms, and corporations in the cybersecurity support services, cyber breach review and notification spaces, as well as delivering end-to-end e-Discovery, litigation support, and custom technology development solutions. Regarding joining DCube, Brian said, "I am very excited time to be joining the DCube team, we have a team that is built on the backbone of Big 4 experience and business process, but

providing that service through an off shore model, it will be a great opportunity to deliver high value to our clients.”

=====

About DCube Data Sciences Corp.

DCube Data Sciences Corp cutting edge automation technologies are at the core of all our services, allowing us to reduce issues typical of traditional services operated by humans.
