Students selected to receive this year's scholarship are all high school graduating seniors attending a 4-year college or university or 2-year community college, in the fall of 2023. Their intended areas of study will enable them to pursue careers in law or other areas of public service, like education, counseling, social work, law enforcement, medicine and firefighting. In addition, these students also exhibited academic & civic excellence, including community volunteer hours, throughout their entire high school career.

Among this year's recipients is Jada Steverson from Silverado High School in Victorville, CA. Jada will be attending the University of California, San Diego, in the fall to study Computer Engineering and wants to "work for a corporation in the future that develops artificial intelligence

programs... that can help people with certain struggles in life.” Silverado College & Career Counselor, DeAnna Richardson, said, “Jada hopes she will be able to help many people, including the community where she grew up.”

Walter Clark Legal Group congratulates all graduates of the Class of 2023 and wishes them future success.
