Telliant Systems Names Taylor Heath, Director of Business Development

Taylor will be responsible for generating new prospects, developing new relationships, expanding Telliant's client-base and maintaining client satisfaction.

ALPHARETTA, GA, UNITED STATES, May 24, 2023 /EINPresswire.com/ -- Telliant Systems, LLC, a 2020 Inc. 5000 list member and leading provider of software development and testing services for clients worldwide, today named Taylor Heath as Director of Business Development, effective May 1, 2023. In his new role, Taylor will be responsible for generating new prospects, developing new relationships, expanding the company's client base and maintaining client satisfaction.

Prior to joining Telliant, Taylor held business development leadership positions at several software product companies. Taylor has a proven track record of driving new customer sales by showcasing the company's products and services to suit the needs of his clients. Taylor's clients included SaaS companies focusing on the franchise industry and clients with Web3 infrastructure.

Taylor Heath

"I believe Taylor will be a great asset to Telliant as his client-focused business development approach is a great fit. His SaaS product, Web3 domain knowledge and experience in the software development industry will be particularly helpful in expanding Telliant's footprint in IT services," said Seth Narayana, CEO of Telliant Systems.

"I am excited to be working with Telliant Systems. As an Inc 5000 company, it has demonstrated it has the capabilities, industry experience and leadership to excel and grow. I look forward to helping Telliant drive additional growth," said Taylor Heath.
