*BlockBeat Announces Launch of Revolutionary Terminal for Cryptocurrency Traders and Investors*

MIAMI, FL, UNITED STATES, May 29, 2023 /EINPresswire.com/ -- [BlockBeat](https://www.blockbeat.com/), a company dedicated to transforming the cryptocurrency and blockchain industry, is proud to announce the upcoming launch of its innovative new platform, the [BlockBeat Terminal](https://www.blockbeat.com/).

Designed for traders and investors in the fast-paced digital asset space, the BlockBeat Terminal is a state-of-the-art workstation that delivers real-time news from thousands of primary sources, sentiment analytics, A.I. enriched data, and more, all in one comprehensive platform.

“

We're thrilled to introduce the BlockBeat Terminal to the market. There's no reason why retail investors shouldn't have access to a high-quality system to sort through the chaos of this industry”

*Isaac Horowitz, CEO*

According to Blockbeat the Blockbeat founder, “We're thrilled to introduce the BlockBeat Terminal to the market.” Expanding on his vision to create the ultimate crypto news and data terminal he continues, “We knew what tools to look for when I started to trade crypto and found nothing even close to the stock trading level of tools. So, we took the matter into our own hands, spending months putting together a plan for the ultimate crypto news and data terminal that is BlockBeat.”

The BlockBeat Terminal provides traders and investors

with the necessary insights to make informed decisions in the rapidly evolving world of blockchain and cryptocurrency. This includes real-time news from major news sources, crypto-native news sites, press releases from important government bodies, and full Medium articles

The Main Terminal Dashboard

from hundreds of crypto projects.

BlockBeat Terminal also features watchlists, alerts, custom feeds, tagging, search, voting, and sharing options. The platform allows users to filter out sub-sources they do not want to see in their feed and customize their feeds to suit their preferences.

Adding to its value, BlockBeat Terminal's search feature is the best crypto information search available anywhere, with a massive amount of current and historical news and data that can be easily searched on the web app. The asset profiles feature allows users to take a deep dive into all the top crypto assets and see news specific to that asset.

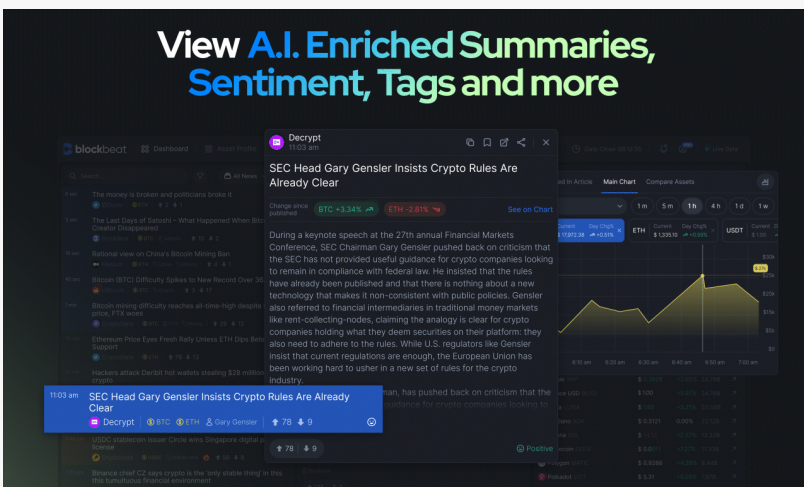

BlockBeat's innovative technology and unparalleled resources have revolutionized the way investors and traders stay informed about the rapidly evolving world of blockchain and cryptocurrency. With the BlockBeat Terminal, traders and investors can have a real-time dashboard that they never want to or have to close, providing them with all the most relevant news that they would typically have to spend hours scouring the internet for across multiple browser tabs and applications.

The screenshot displays the BlockBeat Terminal interface. At the top, a headline reads "SEC Head Gary Gensler Insists Crypto Rules Are Already Clear". Below the headline, there's a summary of the article, mentioning Gensler's keynote speech at the 27th annual Financial Markets Conference. To the right of the article, there's a price chart for ETH, showing a recent price of \$1,333.39. Below the chart, there's a table of assets with columns for asset name, price, and change. The assets listed include Bitcoin (BTC), Ethereum (ETH), and others. The interface is dark-themed and includes various navigation and filtering options.

### AI Enriched Everything

The BlockBeat logo is a stylized blue 'B' composed of geometric shapes. It features a central white diamond shape formed by the negative space of the blue segments. The logo is positioned to the right of the text "AI Enriched Everything".
