

# Las Vegas Dentists Launch Updated Website

*The dental team at True Dentistry in Las Vegas is excited to announce the launch of their new and improved responsive website.*

LAS VEGAS, NV, USA, May 24, 2023 /EINPresswire.com/ -- True Dentistry has served residents of Las Vegas, Henderson, and nearby areas for over 20 years. Led by [Las Vegas cosmetic dentist](#) Joseph G. Willardsen, DDS, the team offers the full breadth of dental treatments, from preventative and reconstructive care to the management of neuromuscular conditions like TMJ Disorder. Dr. Willardsen is noted for his work in cosmetic dentistry, having instructed other dentists in this complex field and even served as the official dentist for the Miss Nevada USA Pageant.

This April, Dr. Willardsen – along with his partners Julie Waltrip, DDS and Preston Browne, DDS, FAGD – launched an updated version of True Dentistry’s practice website. By enlisting the services of Rosemont Media, a San Diego-based medical and dental [website design firm](#), the physicians of True Dentistry hoped to build upon the overall quality of their site by enhancing its user-friendliness, accessibility, and aesthetic atmosphere.

In keeping with these goals, True Dentistry’s new dental website is responsive, meaning it can be easily accessed on virtually any device (e.g. a laptop, smartphone, or tablet). Additionally, the revamped site was adjusted to include more information about the services offered at the practice, and patients have the chance to perform in-depth research into the backgrounds of True Dentistry’s providers. Finally, the site’s layout was reworked to create a more relaxing, nurturing ambiance, similar to the calming, spa-like environment the dentists state they aim to create for patients.

The team’s decision to update their website reflects their commitment to patient satisfaction. The dentists explain that they want their website to remain up-to-date with the most advanced features available, and for the site to be a valuable resource for information about their practice and treatments. Dr. Willardsen and his fellow dentists express their excitement about this new development, and hope the new site provides sufficient guidance for patients who wish to

improve their oral health.

#### About True Dentistry

Since the practice's establishment in 2000, the [dentists of True Dentistry](#) have devoted their careers to delivering ethical, patient-centric oral health care. Drs. Joseph Willardsen, Julie Waltrip, and Preston Browne have each undergone extensive training in their respective fields of dentistry, and all three regularly participate in continuing education courses. Their professional affiliations include the American Academy of Implant Dentistry (AAID), the American Dental Association (ADA), the Nevada Dental Association, and the Southern Nevada Dental Society. Patients who visit True Dentistry can choose from a variety of reconstructive and cosmetic options, from dental implants to porcelain veneers and beyond. The team at True Dentistry is available for an interview upon request.
