

# Caton Technology honored with Connectivity-Media & Entertainment Award at SBR Technology Excellence Awards 2023

*Caton Technology clinches Connectivity - Media & Entertainment award at SBR Technology Excellence Awards 2023 for its innovation IP network transport solutions.*

SINGAPORE, May 26, 2023

/EINPresswire.com/ -- [Caton](#)

[Technology](#), a leader in IP network transport solutions, is proud to announce its win of the Connectivity - Media & Entertainment accolade at the SBR Technology Excellence Awards 2023. This prestigious award

acknowledges the Singapore-based company's prowess in providing innovative, next-generation IP network transport solutions for the media and entertainment industry, based on its flagship service, the [CatonNet Video Platform](#) (CVP).

Caton Technology also takes this opportunity to highlight its global Caton Cloud and Caton Media XStream services, which were introduced as the next generation platform that brings the service quality to a whole new level for clients worldwide.

“

We are truly grateful to receive the Connectivity - Media & Entertainment accolade at the SBR Technology Excellence Awards 2023.”

*Ray Huang*

Caton Technology specialises in IP network transport solutions for various industries, including media and entertainment, cloud storage, telemedicine, metaverse, and the Internet of Things. Their flagship product, the CatonNet Video Platform (CVP), utilises cutting-edge

technologies like machine and deep learning, dynamic error correction, and intelligent bandwidth optimisation to deliver high-quality, low-latency content worldwide.

The company's Caton Cloud and Caton Media XStream services focus on high quality content delivery and connectivity with 99.9999+% of SLA, using artificial intelligence to automatically
