“

No one should have to worry about basic living expenses”

*Michelle Power*

Unique among breast cancer treatment organizations, Pawsitively 4 Pink provides financial assistance regardless of a women's choice of traditional or holistic therapy and up to six months out of treatment.

Michelle Power, the founder and CEO of Pawsitively 4 Pink, has been in private practice as a psychotherapist in the

Worcester County area for more than 30 years. She said she began Pawsitively 4 Pink “after

watching the emotional, psychological and financial toll taken once a woman is diagnosed with breast cancer. Any undo stress often can compromise the effectiveness of treatment" I decided to create an organization that would be impactful in a real way for these women. Every year, Pawsitively 4 Pink tries to reach a greater number of women and given Massachusetts is among the 10 states with the highest breast Cancer incidence rates in the country, the need here is great!

Pawsitively 4 Pink was founded in 2018 to provide financial assistance to low-income women who have been diagnosed with breast cancer in Massachusetts with the focus being Worcester County. P4P also knows the healing power of puppies, so they will help a woman adopt, and train a local shelter dog as an emotional support dog. For cancer patients, time spent with dogs can have an incredible, and lasting impact.
