

# AquaFirme XS Now At MS Hair Restoration: New “No Needle” Ultrasound Technology

RIDGELAND, MISSISSIPPI, UNITED STATES, May 25, 2023

/EINPresswire.com/ -- Always on the forefront of the latest innovations, [Michael Kanosky, MD, FACS](#) introduces a revolutionary, completely non-invasive, needle-free delivery system for hair regrowth and skin therapies.

“We are pleased to be the first and exclusive provider of this incredible new technology in Mississippi. It makes regrowing your hair or improving your skin a quick, easy, painless ‘Why-Not?’ treatment.”

Dr. Kanosky says, “For hair restoration, this replaces injection therapy to get stellar results with zero pain. PRP (Platelet Rich Plasma) and Copper Peptide treatments are now needle-free and without any discomfort.”

combination of serums can be administered including AquaFirme’s new proprietary plant-based, hormone-free serum. The DE|RIVE serum is specifically formulated to promote hair growth and support scalp health. Plus, DE|RIVE is also available for at-home daily application.

Dr. Kanosky reminds readers that “this new delivery method IS a game changer; but, no

The image shows a man in a blue suit, Dr. Michael Kanosky, standing next to the AquaFirme XS machine. He is holding a clipboard. To the right of the machine are two sets of before/after hair restoration photos. The top set shows a 'Before' and '10 Months' result, and the bottom set shows a 'Before', '3 Months', and '8 Months' result. A blue banner above the photos reads 'No Needles! • Relaxing Ultra Sound Delivery'. Below the photos is the logo for Michael Kanosky MD, FACS, Mississippi Hair Restoration.

Dr. Kanosky is proud to bring AquaFirme XS to his Mississippi patients.

**NO PAIN, ALL GAIN: Re-Grow Your Hair or Rejuvenate Your Face With New “No Needle” Ultrasound Technology**

The [AquaFirme XS](#) ULTRA is described by patients as “actually relaxing.” It is successful for both men and women of all skin types. Effective for all types of alopecia, it also is used to thicken facial hair like eyebrows and beards. There is no pain, no discomfort and no downtime. Any

equipment can replace medical expertise. I was attracted to this product's flexibility. It allows me to customize the medical solution in a way that only an experienced board certified plastic surgeon can."

The process uses an "ultrasound" handpiece to massage a serum into the scalp where it penetrates the first layers of skin to put the medicine directly on the hair follicles. The procedures take 30-60 minutes. There is no downtime, no needle pricks, no blood, and no discomfort. Typically, four to six monthly treatments are recommended.

Touted as the World's Best Facial, AquaFirme XS ULTRA is here!

Three combination therapies make AquaFirme the world's best facial. It tackles skin care concerns including dull, dehydrated, and dry skin; evens skin tone; reduces fine aging lines and excess oil; and, tightens lax skin, using a triad of technologies combining proprietary serums with vibrating massage, CO2 microdermabrasion, and red LED lights to enrich oxygen flow and naturally re-energize skin cells. The unique conical evacuation using micro-cupping technology removes debris from the skin. Ultrasound waves micro-heat the surface of the skin to improve absorption.

Michael Kanosky, MD, FACS, is a board-certified plastic surgeon practicing at The Face and Body Center in Flowood where he performs a wide variety of aesthetic surgeries for the face, breast, and body. At [Mississippi Hair Restoration](#) in Ridgeland, Dr. Kanosky specializes in one-day follicular unit hair

 <b>Regrows Hair</b>	 <b>Adds Volume</b>
 <b>Reduces Fine Lines</b>	 <b>Reduces Pore Size</b>
 <b>Evens Pigmentation</b>	 <b>Mildly Exfoliates</b>
 <b>Smooths Skin</b>	 <b>Builds Collagen</b>

Touted as the world's best facial, AquaFirme's revolutionary ultrasound application makes PRP and copper peptide treatments "needle-free!"
