*Fraser Allport, Fiduciary : Planning for Retirement is like Planning for a Wedding : Start Early.*

DAYTONA BEACH SHORES, FL, UNITED STATES, May 26, 2023

/EINPresswire.com/ -- Preparing for Retirement, Social Security, Medicare, and attaining financial security is not an easy task for anyone. Where does one start ?

Think about this :

If a person was getting married ... How far in advance would they plan their wedding ?

Probably about 2 Years, right ?

“

All Knowledge comes from Experience. ”

*Albert Einstein*

A Wedding, like Your Retirement ... is A BIG DEAL.

A person would not start wedding planning just a few months or weeks before the date !

Yet most people plan for their Retirement just a few weeks or months before they are retiring.

Critical pre-Retirement time has been lost doing nothing to help their own Cause.

A person could have had a 24 month Head Start on [Retirement Planning](#).

Instead, their Retirement Planning stood still.

And Time lost never comes back.

Waiting until 60-90 days before Retirement to start planning for it ... That's not planning.

That's rushing and playing catch-up. And Stress.

And that's how mistakes happen. Haste makes Waste, right ?

It is Too Late in Life to lose Money or Time.

Fraser Allport helps his Clients to start preparing for Retirement about 2 Years prior to actually Retiring.

Fraser gives his Clients many tips and strategies for " What things that they can do now to plan ahead ".

There are actually quite a few things that a person can do now to make their Retirement better.

The old adage is that " It's Never Too Early to plan for Your Retirement. " Simple, and True.

Retirement Planning will involve some of the most significant financial decisions of one's Life.

It is Common Sense that the sooner a person starts ... the more likely that their Retirement improves.

The smarter and more proactive that a person is about their Money ... they will likely have more of it.

A person's future Standard of Living and quality of Life depends on what they do BEFORE their Retirement.

Procrastination is the # 1 problem when it comes to building a successful Retirement Plan.

Retirement does not just happen by accident, or by itself. It is not a given that one can retire.

Planning is a verb. Retirement Planning requires Action.

A person need not work until their Death if they start their Retirement Planning early. Time is Money, and Time does not come back. Start your Retirement Plan today.
