“

Consumers are increasingly spending on dishwasher detergents and opting for detergent tablets as one of the reliable products over others, which boost their demand across the globe.”

Shankar Bhandalkar

The global dishwasher tablets market size was valued at \$596.1 million in 2018, and is expected to reach \$990 million by 2026, registering a CAGR of 6.8% from 2019 to 2026.

The dishwasher tablets offered by supermarket supply chain such as Walmart, Target, Kroger are gaining traction in terms of sales due to economic pricing and ready availability. Moreover, these private label brands are offering their products to consumers through third-party

online sales platforms. This has provided a new platform for these companies to operate in the market and compete with global brands.

The global dishwasher tablets market is segmented on the basis of product, end user, distribution channel, and region. Depending on product, the dishwasher tablets is categorized into private label dishwasher tablets and branded dishwasher tablets. The branded dishwasher tablets segment dominated the dishwasher tablets market share in terms of revenue generation. It accounted for \$375.0 million in 2018, and is expected to growth with a CAGR of 5.2%, generating \$550 million by 2026. The branded dishwasher tablets segment is expected to exhibit fastest growth, registering a CAGR of 9.3% during the forecast period.

The fastest growth of branded dishwasher tablets segment is attribute to increase in spending on dishwasher detergents among Asian consumers. In addition, increase in deployment of tablet top dishwashers in Asia-Pacific and LAMEA is expected to propel the demand for private label brand in near future.

The global brands are adopting a different set of strategies and investing into product development activities. Companies Reckitt Benckiser Group Plc, Unilever, Henkel AG & Company, and KGaA are focusing on introduction of novel product lines. In addition, these companies are investing significantly in innovative packaging, product positioning, marketing, and supply chain activities. Furthermore, global brands are expanding through various channel such as online sales channel, and retail distribution network.
