Based on type, the market is classified into:

- Fixed Wing
- Rotary Wing
- Hybrid

On the basis of range, the market is catalogued into:

- Short Range
- Long Range

Based on mode of operation, the market is divided into:

- Remotely Piloted

- Partially Autonomous
- Fully Autonomous

On the basis of application, the market is categorised into:

- Food
- Healthcare
- Retail and E-commerce
- Logistics
- Others

Based on region, the market is segmented into:

- North America
- Europe
- Asia Pacific
- Latin America
- Middle East and Africa

Drone Package Delivery Market Trends

With increasing demands and expectations of reduced delivery time by modern day consumers, it is no wonder that the retailers are looking into drone delivery services. Drones are cost-effective saviours to modern business problems as not only are drones economically viable but also environment friendly. With the increasing concern over climate change, drones are opted over traditional couriers, increasing the potential for the drone package delivery market. Traditional deliveries are fulfilled by burning fossil fuels which ends up adding smog and pollution to the environment. Drone delivery offers a win-win solution to those looking for faster delivery options while protecting the environment.

Among the key trends of the market, are the growing popularity of subscription services that require frequent deliveries. With more people worldwide switching to online deliveries for products used on a regular basis, drone package deliveries can help support the increase in demand for deliveries.

The highest growth in the drone package delivery market is expected from the Asia Pacific region, this growth can be attributed to the evolving regulations and the increased acceptance of drone delivery operations. The government of India's latest efforts on the development of drone corridors are in accordance with their aim to advance the cargo delivery services. Their nod to this technological sector is set to offer immense growth in almost all the major sectors of the economy.

Key Market Players

The major players in the global drone package delivery market are:

- Amazon.com Inc.
- Airbus SE, Alphabet Inc.
- Flytrex Inc.
- United Parcel Service
- Deutsche Post AG
- Zipline International Inc.
- Wingcopter GmbH
- SkyDrop (formerly Flirtey)
- Matternet
- Others

The report covers the market shares, capacities, plant turnarounds, expansions, investments and mergers and acquisitions, among other latest developments of these market players.
