

CTC International Services first in the world to develop Android phone to Android Phone NFC payment

Aussie Fintech CTC International Services successfully completed Beta testing on 26th May 2023.

SYDNEY, NEW SOUTH WALES, AUSTRALIA, May 31, 2023 /EINPresswire.com/ -- [CTC International Services](#) a leading technology solutions provider, is proud to announce the successful development of an

innovative [NFC-to-NFC mobile payment solution](#). This cutting-edge technology enables seamless tap-and-pay transactions between Android devices, providing a secure and convenient payment method for consumers and businesses alike.

CTC's De-Centralized logo

“

Aussie Fintech upstages big tech companies by being the first in the world to develop NFC phone to phone payments but they also promise to deliver more cool functionalities to the market mid June 2023”

Daniel Manu - CEO

CTC International Services’ groundbreaking solution offers a range of features designed to enhance the payment experience. Users can now enjoy the convenience of scan-to-pay and mobile number-to-pay options, ensuring swift and hassle-free transactions. Additionally, the solution provides users with easy expense tracking, empowering them to manage their finances more efficiently.

By eliminating the need for traditional point-of-sale (POS) machines that can be costly and cumbersome, CTC International Services’ NFC-to-NFC mobile payment

solution allows merchants to streamline their operations and upgrade their digital transformation efforts. With the implementation of this technology, businesses can revolutionize their payment processes, resulting in increased sales and enhanced customer satisfaction.

Following the successful completion of beta testing, CTC International Services is excited to announce the implementation of its NFC-to-NFC mobile payment solution with select merchants in Sydney, Australia. The company invites other merchants in the region to join this payment

revolution and experience the numerous benefits offered by this state-of-the-art solution.

One of the key advantages of [CTC International Services' mobile payment solution](#) is its commitment to protecting customer privacy, security, and metadata. By leveraging advanced encryption protocols and robust security measures, the solution ensures that sensitive customer information remains confidential and secure throughout the payment process.

CTC International Services looks forward to working with merchants in Sydney and beyond, empowering them to embrace the future of mobile payments while offering unparalleled convenience and security to their customers.
