

# Pico Laser Treatment at Become Aesthetics Clinic Singapore: A Breakthrough in Comprehensive Skin Care

*Become Aesthetics Clinic now offers Pico Laser Treatment to bolster its commitment to providing world-class aesthetic solutions to clients across Singapore.*

SINGAPORE, SINGAPORE, May 27, 2023 /EINPresswire.com/ -- [Become Aesthetics Clinic](#), Singapore's premier destination for advanced aesthetic treatments, proudly announces the incorporation of Pico Laser therapy in their service offerings in all three branches across Singapore. This next-generation aesthetic technology sets a new standard for addressing a multitude of skin concerns, enhancing the suite of high-quality skin treatments available to their esteemed clients.

"With the Pico Laser available in our branches, we aim to empower individuals to achieve their desired skin goals, boosting their confidence and overall well-being," said Dr. Ian Tan, the Founder of Become Aesthetics Clinic.

Pico Laser Therapy: Transformative and Versatile

Pico Laser therapy, a revolutionary skincare treatment, uses ultra-short,

picosecond laser pulses to target and shatter unwanted pigment in the skin, promoting a natural, healing response. Unlike traditional lasers, Pico Laser works at a speed measured in trillionths of a second, providing unrivalled precision and less discomfort, with no downtime required.

Capable of resolving a broad spectrum of skin conditions, Pico Laser therapy effectively treats pigmentation issues such as freckles, age spots, and acne scars. The cutting-edge treatment also rejuvenates the skin by stimulating collagen production, addressing wrinkles and fine lines, and improving overall skin tone and texture.

[Pico Laser in Singapore](#) offers a wide range of adjustable settings, enabling tailored treatments to address specific skincare concerns. Whether it's the removal of unwanted tattoos, treatment of melasma or sunspots, or the reduction of acne scars, the Pico Laser provides personalised solutions for each patient.
