DUBAI, UNITED ARAB EMIRATES, May 29, 2023 /EINPresswire.com/ -- The new collection features a variety of designer signature patterns, including geometric patterns and abstractions. She roots the work in the Arabic culture and offers her signature visions of Eastern culture distilled into forms, patterns, and colours that represent the cultural, social, and natural environments. The festive energy of mosaic lamps, the kaleidoscopic colours of oriental bazaars, and the elegance of monochromatic traditional attire all emerge and draw viewers more profound and deeper into their own introspective states.
