

# Tonomi opens on 9th June with an exclusive collection by former graffiti artist INKIS

*Experience art like never before - Tonomi, the online limited-edition gallery, opens on 9th June with limited-edition prints by INKIS.*

UNITED KINGDOM, May 30, 2023  
/EINPresswire.com/ -- Limited-edition abstract art prints available in limited runs of 150.

Art enthusiasts and collectors prepare for a unique and exciting addition to the art world. On 9th June, a new online art gallery [Tonomi](#) will open its virtual doors, showcasing the exceptional talent of a former graffiti artist, INKIS. The gallery's debut collection will feature a series of limited edition abstract art prints, dropping every few days, each available in exclusive edition runs of just 150.

“

“Creating a series of abstract prints exclusively for Tonomi, allows me to give a keepsake to those who find beauty in what I create.”

INKIS

INKIS, a highly-skilled and innovative artist formerly known under a different moniker, became renowned in street art for their bold graffiti work. They have now transitioned to creating stunning abstract art, combining their colourful street art roots with a fresh, contemporary conceptual perspective. The limited edition prints in the upcoming collection display a masterful blend of vibrant colours, striking patterns, and intricate textures that evoke a sense of wonder and imagination.

Tonomi is committed to providing art lovers an unparalleled platform to discover and purchase unique, high-quality pieces. With a focus on promoting exceptional artists like INKIS, the gallery aims to support and elevate the careers of both emerging and established talent with a carefully

curated selection designed to make your space more beautiful.

Tonomi's gallery launch and INKIS's collection on 9th June promises to be a milestone event for the art community. With only 150 limited edition prints available for each piece, collectors and enthusiasts should act quickly to secure a part of this groundbreaking collection before it sells out.
