

Pureinsights Achieves Select Tier Services Partner Status in the AWS Partner Network

Recognition underscores company's commitment to delivering exceptional cloud applications and services.

HERNDON, VIRGINIA, USA, May 31, 2023 /EINPresswire.com/ --

Pureinsights Technology Corporation ("Pureinsights™"), the leading independent search technology and services company, is pleased to announce its achievement of Select Tier Services Partner status in the AWS Partner Network (APN). This significant milestone represents Pureinsights' commitment to delivering exceptional cloud-based search and content analytics applications to its customers.

As an AWS Select Tier Services Partner, Pureinsights brings extensive experience in designing, deploying, and managing cloud infrastructure and applications. The company offers tailored end-to-end solutions, helping businesses leverage the full potential of AWS cloud services for enhanced performance and growth.

"We are thrilled to achieve Select Tier Services Partner status in the AWS Partner Network," said Kamran Khan, CEO of Pureinsights. "This recognition underscores our commitment to delivering exceptional cloud-based applications and demonstrates our expertise in AWS technologies. We look forward to working closely with [AWS and our search technology partners](#) to help our clients embrace the benefits of cloud computing."

Pureinsights offers a [comprehensive range of services](#), including cloud application strategy and consulting, migration and deployment, search application development and modernization, and SearchOps™ managed services. With a team of highly skilled professionals, Pureinsights is well-equipped to support organizations across industries on their cloud journey.

This recognition demonstrates our expertise in AWS technologies. We look forward to working closely with AWS and other technology partners to help our clients embrace the benefits of cloud computing."

Kamran Khan, CEO

About Pureinsights™

Pureinsights has deep expertise in building search applications with conventional search engines. The company helps customers go "Beyond Search", using Knowledge Graphs, Machine Learning, and Natural Language Processing to build enterprise search applications that better understand user intent and deliver answers users want. "Just make it work like Google."

Pureinsights™ is a trademark of Pureinsights Technology Corporation.
