

New Book Reveals an Epic Business Turnaround New Book - "Perform Or Perish"

A Riveting Real-Life Story of a Company's Transformation Under Pressure Offers Crucial Lessons for Small Business Owners

LOS ANGELES, CA, USA, May 30, 2023 /EINPresswire.com/ -- Small businesses are the lifeblood of our economy, but they're often the most vulnerable in challenging times. Understanding this struggle, we are thrilled to announce the launch of a new book, "Perform or Perish: The 30-Day Race to Save a Company." This intense, real-life narrative presents an inspiring story of a company's extraordinary turnaround, saving not only the business itself but the incomes of over 180 families.

"Perform or Perish" is not a textbook. It's a front-row seat to a corporate battle against time, a firsthand account of a daring 30-day race to turn a company around from the brink of closure. It presents entrepreneurial business owners with a roadmap to navigate their own challenges, taking readers through the pivotal moments, tough decisions, and innovative strategies that changed the company's fate.

For entrepreneurial leaders, this book will strike a particular chord. The company at the heart of this story is not a vast multinational, but a team of hardworking individuals rallied together in the face of adversity. The stakes are high, the pressure is intense, but the lessons learned are invaluable.

"Perform or Perish" shows how, with the right leadership, teamwork, and strategic decision-making, a small company can beat the odds and transform a crisis into an opportunity. Readers will find an inspiring blueprint for resilience and innovation that can help their own businesses thrive in the face of adversity.

"Perform or Perish: The 30-Day Race to Save a Company" is now available on Amazon in both Kindle and paperback formats with one-time only pricing through May 31st, 2023 because of the book launch special. To learn more about the book, visit PerformOrPerishBook.com.

About the Author

Jeffrey A. Wolfe has worked with technologies as mature as cutting raw lumber to as advanced as virtual reality. He has incorporated new technologies into companies with Teams as small 14 people and as large as 65,000 people. Always to increase profits while making jobs safer, and hopefully more enjoyable. With the radical changes forced on businesses by The Great Lockdown, and the explosion of new A.I.-based tools, Jeffrey has been bringing Entrepreneurs best practices for thriving while their competition stumbles. He is the founder of Adventure CEO, Host of the Wolfe's Watch LIVE! Podcast, and creator of the one-person play "The Mentor." To learn more about the Author, go to AdventureCEO.com.
