Taught by some of the world's leading figures in risk governance, the program features lessons by nearly 50 board members, c-level executives, and well-known authors from five continents. No course on risk for board members as robust as this - depth, practicality, and global expertise - exists

anywhere else.

"I am thrilled to have completed the Board Members' Course on Risk® and to have earned the Certificate in Risk Governance®," said Muzaffar. "The course work was comprehensive and included contemporary topics like technology risk management (including AI) and business continuity during the pandemic.
