Stent grafts, also known as endovascular stent grafts or endografts, are medical devices used in the treatment of certain vascular conditions, particularly in the management of aneurysms. A stent graft is a tubular structure made of fabric supported by a metal mesh framework (stent). It is designed to be inserted into the blood vessels through minimally invasive techniques, such as endovascular surgery or catheterization. Once in place, the stent graft acts as a reinforced tube that helps redirect blood flow, provides support to weakened or dilated vessel walls, and isolates the aneurysm or diseased segment of the blood vessel.

The primary use of stent grafts is in the treatment of aortic aneurysms, which are bulges or ballooning of the aorta, the main artery in the body. Stent grafts offer a less invasive alternative to open surgical repair, as they can be delivered to the site of the aneurysm using a catheter-based approach. The stent graft is positioned within the affected portion of the aorta, excluding the aneurysm from the bloodstream and reducing the risk of rupture. Stent grafts can also be used in other vascular conditions, such as thoracic aneurysms and aortic dissections, as well as in the treatment of arterial blockages or stenosis in certain locations.

Stent Grafts Market: Demand Analysis & Opportunity Outlook 2030

Stent Grafts research study defines market size of various segments & countries by historical years and forecast the values for next 7 years. The report is assembled to comprise qualitative and quantitative elements of Stent Grafts industry including: market share, market size (value and volume 2017-2021, and forecast to 2030) that admires each country concerned in the competitive marketplace. Further, the study also caters and provides in-depth statistics about the crucial elements of Stent Grafts which includes drivers & restraining factors that helps estimate future growth outlook of the market.

Marketing Communication and Sales Channel

Understanding “marketing effectiveness” on a continual basis, help determine the potential of advertising and marketing communications and allow to use of best practices to utilize untapped audience. In order to make marketers make effective strategies and identify why the target market is not giving attention, we ensure the Study is Segmented with appropriate marketing & sales channels to identify potential market size by value & Volume* (if Applicable).

The segments and sub-section of Stent Grafts market is shown below:

By Product: Endovascular, Synthetic Stent Graft System

By Application: Abdominal Aortic Aneurysm (AAA), Thoracic Aortic Aneurysm (TAA)

By Type: Aorta-uni-iliac (AUI) Stent Grafts, Bifurcated Stent Grafts

Some of the key players involved in the Market are: Cook Medical Inc., Endologix, Inc., W. L. Gore & Associates, Inc., Medtronic plc, C. R. Bard, Inc., Lombard Medical, Inc., Terumo Corporation, MicroPort Scientific Corporation, Merit Medical, B. Braun Melsungen AG, and Lifetech Scientific (Shenzhen).

Important years considered in the Stent Grafts study:

Historical year – 2017-2021; Base year – 2021; Forecast period** – 2022 to 2030 [** unless otherwise stated]

If opting for the Global version of Stent Grafts Market; then below country analysis would be included:

- North America (USA, Canada and Mexico)
- Europe (Germany, France, the United Kingdom, Netherlands, Italy, Nordic Nations, Spain, Switzerland and Rest of Europe)
- Asia-Pacific (China, Japan, Australia, New Zealand, South Korea, India, Southeast Asia and Rest of APAC)
- South America (Brazil, Argentina, Chile, Colombia, Rest of countries etc.)
- Middle East and Africa (Saudi Arabia, United Arab Emirates, Israel, Egypt, Turkey, Nigeria, South Africa, Rest of MEA)

Key Questions Answered with this Study:

- 1) What makes Stent Grafts Market feasible for long term investment?
- 2) How influencing factors driving the demand of Stent Grafts in next few years?
- 3) Territory that may see steep rise in CAGR & Y-O-Y growth?
- 4) What geographic region would have better demand for product/services?
- 5) What opportunity emerging territory would offer to established and new entrants in Stent Grafts market?
- 6) What strategies of big players help them acquire share in mature market?
- 7) Know value chain areas where players can create value?
- 8) What is the impact analysis of various factors in the Global Stent Grafts market growth?
- 9) Risk side analysis connected with service providers?

Introduction about Stent Grafts Market

Stent Grafts Market Size (Sales) Market Share by Type (Product Category)

Stent Grafts Market by Application/End Users

Stent Grafts Sales (Volume) and Market Share Comparison by Applications

Global Stent Grafts Sales and Growth Rate (2020-2030)

Stent Grafts Competition by Players/Suppliers, Region, Type, and Application

Stent Grafts (Volume, Value, and Sales Price) table defined for each geographic region defined.

Stent Grafts Players/Suppliers Profiles and Sales Data

Key Raw Materials Analysis & Price Trends

Supply Chain, Sourcing Strategy and Downstream Buyers, Industrial Chain Analysis
