/EINPresswire.com/ -- Seth Leitman, The [Green Living](#) Guy creates Global

Forest With Evergreen. Evergreen operates globally through its partner Eden [Reforestation](#) Projects in Brazil, Nepal, Mozambique, Madagascar, Kenya, Indonesia, Haiti, Honduras and Nicaragua. They are also working with companies like Hewlett-Packard but they contacted Leitman to become involved.

To date Leitman:

1. Planted 1,348 trees.
2. Cut 214.50 tons of CO2
3. Created 169 hours of work
4. Planted in 9 Countries

Leitman adds that: "When Evergreen invited me to create a global forest with them it was a dream come true. I've always supported reforestation. This helps everyone see what can be done. Also we will have satellite feeds to watch these forests grow over time."

In addition Leitman has been a strong advocate for reforestation. He commented: "So when Evergreen let me know that over 90% of Kenya has been deforested. So with the really dangerous combination of logging and charcoal burning for energy. Then let's not forget illegal settling. So this forest I am growing will slow down and decelerate forest loss."
