

# AX® Materials Teams Up With JanSport to Create Their Core Wallet Collection

*AX® Suede Novobuck brings durability and a classic suede look to JanSport's Core Wallet Collection.*

PORTSMOUTH, NH, UNITED STATES, May 31, 2023 /EINPresswire.com/ -- [AX® Materials](#), an industry leader in innovative synthetic materials, is proud to collaborate with JanSport on their first line of wallets.

For over 50 years, JanSport has been crafting products rooted in innovative design and practical function. By starting with the right materials, JanSport creates gear that can be trusted and counted on.

When it came time for the brand to source materials for their wallet collection, AX® Suede NovoBuck fit the bill. The [JanSport Wallets](#) offer a minimalist design with classic features to carry life's essentials.

NovoBuck's placement provides durability in optimal areas while outfitting the products in a classic suede look. As one of AX® Materials' leading leather replacement materials, NovoBuck presents a cruelty-free option with the same look and feel as natural leather – delivering ultimate durability, high abrasion, exceptional breathability, and superior softness.

#### Core Zip Wallet

The Core Zip Wallet is made for people who swap bags often and need something compact to keep their go-to essentials in when moving from backpack to fanny pack. Featuring a zippered closure and a lined main compartment, you can store your ID, cards, cash, and coins all together like one big happy family.

#### Core Trifold Wallet

The Core Trifold Wallet is a step up from the bi-fold design. Featuring separate compartments for cash and cards (two card slots, to be exact), a mesh ID card holder, and a coin pocket for all your loose change so you can be prepared with any form of currency.

#### Core Cardholder Wallet

The Core Cardholder Wallet is a minimalist's dream. Made from recycled polyester, this cardholder wallet features multiple card slots and a mesh ID holder so you can keep the essentials secure.

#### About the Company:
