

Responsible Cyber Marks a New Milestone with IMMUNE SPÓŁKA's Office Opening in Poland

Responsible Cyber is a risk management company based out of Singapore.

SINGAPORE, May 31, 2023

/EINPresswire.com/ -- Responsible Cyber, a pioneering Singapore-based risk management startup, is delighted to announce the grand opening of its new office, IMMUNE SPÓŁKA Z OGRANICZONĄ ODPOWIEDZIALNOŚCIĄ, in UL.

SZELAĞOWSKA 49, 61-626 POZNAŃ, Poland. This expansion to Poland exemplifies the company's determination to spread its ground-breaking risk management solutions worldwide and marks a significant stride in securing global digital ecosystems.

Renowned for its flagship product, IMMUNE X-TPRM, an innovative third-party risk management solution, IMMUNE SPÓŁKA aims to meet the complex supply chain risk needs of Polish businesses. Leveraging the best of artificial intelligence, IMMUNE X-TPRM offers an advanced approach to tackle the intricacies of today's digital supply chains, focusing on issues like fourth-party proliferation and localization deficiencies.

"Poland, with its rapidly advancing digital infrastructure and tech-savvy workforce, presents a valuable market for our IMMUNE X-TPRM solution," said Dr. Magda Chelly, Managing Director of Responsible Cyber. "Our new office in Poznań symbolizes our commitment to protecting Polish organizations from evolving supply chain risks and equipping them with the capabilities to maintain operational resilience amidst digital complexities."

The IMMUNE SPÓŁKA Z OGRANICZONĄ ODPOWIEDZIALNOŚCIĄ office aims to serve Polish companies by offering localized support for third party risk management needs. The office will be dedicated to providing end-to-end visibility and control over the third-party lifecycle, as well as facilitating seamless offboarding processes. Its multilingual support and strict adherence to regional and local compliance requirements will assure transparent communication with all parties and optimal integration into their systems.

By stepping into Poland, Responsible Cyber is extending its global reach, bringing its advanced, localized, and comprehensive solutions closer to clients in Europe. This move comes as a testament to the company's resilience and adaptability in meeting the ever-evolving cybersecurity demands of diverse markets across the globe.

As a member of prestigious cybersecurity trade associations, including AiSP and SGTech's Cybersecurity Chapter, and backed by esteemed corporate shareholders such as Singtel Innov8 and NUS Enterprise, Responsible Cyber with IMMUNE SPÓŁKA assures its Polish clients of the same level of professionalism and excellence they are known for.

Moreover, Responsible Cyber will continue its active support for Women on Cyber through sponsorships and engagement in its new location, fostering diversity and inclusivity within the cybersecurity industry in Poland.

About Responsible Cyber

Established in 2016, Responsible Cyber is a Singapore-based startup dedicated to securing the digital world by addressing the challenges of digital supply chains with the use of technology. With their flagship product, IMMUNE X-TPRM, they provide an innovative, localized, and comprehensive solution for effective ecosystem risk management, securing the operational resilience of organizations amidst the complexities of the digital landscape. Responsible Cyber is a proud supporter of Women on Cyber and a member of AiSP and SGTech's Cybersecurity Chapter.
