

IMMUNE SPÓŁKA: Pioneer in Third-Party Risk Management Steps Into Poland with a New Office

POZNAŃ, POLAND, May 31, 2023
/EINPresswire.com/ -- IMMUNE SPÓŁKA
Z OGRANICZONĄ

ODPOWIEDZIALNOŚCIĄ, a new venture brought forth by the groundbreaking risk management startup Responsible Cyber, proudly announces the opening of its state-of-the-art office in UL. SZELAŃGOWSKA 49, 61-626 POZNAŃ, Poland. This milestone marks IMMUNE

SPÓŁKA's first step in introducing its industry-leading cybersecurity solutions to the vibrant Polish digital ecosystem.

Carrying the torch of Responsible Cyber's flagship product, IMMUNE X-TPRM, IMMUNE SPÓŁKA Z OGRANICZONĄ ODPOWIEDZIALNOŚCIĄ is set to redefine third-party risk management norms in Poland. The comprehensive third-party risk management solution, powered by artificial intelligence, is poised to meet the unique and complex cybersecurity requirements of Polish businesses, focusing on challenges like fourth-party proliferation and localization deficiencies.

"With a rapidly evolving digital infrastructure, Poland provides an excellent opportunity for the deployment of our IMMUNE X-TPRM solution," stated Dr Magda Lilia Chelly, the Managing Director. "Our office in Poznań not only demonstrates our commitment to safeguarding Polish organizations against the multifaceted landscape of cybersecurity threats but also equips them with robust tools to enhance their operational resilience in the face of digital intricacies within their supply chain. Cyber risk is one of many risks organizations face in their ecosystem. Our tool looks beyond that."

The newly inaugurated office will serve as a hub for providing localized, end-to-end support to Polish enterprises. By offering full visibility and control over third-party lifecycles, facilitating smooth offboarding processes, and strictly adhering to regional and local compliance norms, IMMUNE SPÓŁKA aims to foster transparent communications with stakeholders and seamless integration with their operations.

As IMMUNE SPÓŁKA plants its roots in Poznań, it carries forward Responsible Cyber's mission of providing advanced, localized, and comprehensive solutions to clients across the globe. This step showcases IMMUNE SPÓŁKA's capacity and readiness to tackle the dynamic cybersecurity challenges prevalent in diverse markets worldwide.

In the spirit of Responsible Cyber, IMMUNE SPÓŁKA also reiterates its commitment to supporting Women on Cyber initiatives, championing diversity and inclusivity within the cybersecurity industry in Poland.

About IMMUNE SPÓŁKA Z OGRANICZONĄ ODPOWIEDZIALNOŚCIĄ

IMMUNE SPÓŁKA Z OGRANICZONĄ ODPOWIEDZIALNOŚCIĄ is a risk management venture brought to Poland by Singapore-based Responsible Cyber. It aims to secure the Polish digital landscape by deploying the IMMUNE X-TPRM, a groundbreaking, localized, and comprehensive solution for effective ecosystem risk management. IMMUNE SPÓŁKA Z OGRANICZONĄ ODPOWIEDZIALNOŚCIĄ is committed to safeguarding the operational resilience of organizations in the ever-evolving digital landscape, fostering diversity and inclusivity within the cybersecurity industry.
