

# ASAP Semiconductor Achieves ITAR Registration, Strengthening Its Commitment to U.S. National Security

*ASAP Semiconductor's ITAR registration strengthens their dedication to U.S. national security and defense industry collaboration.*

ANAHEIM, CALIFORNIA, UNITED STATES, May 31, 2023

[/EINPresswire.com/](#) -- [ASAP Semiconductor](#), a leading global distributor of [electronic components](#)

and aerospace parts, is pleased to announce its successful registration with the Directorate of Defense Trade

Controls (DDTC) as an International Traffic in Arms Regulations (ITAR) certified company. This significant milestone demonstrates ASAP Semiconductor's unwavering dedication to advancing U.S. national security and supporting foreign policy objectives.

“

We are extremely proud to announce our ITAR registration, which underscores our dedication to upholding the highest standards of compliance and security.”

*Joe Faruqui*

ITAR registration is a rigorous process administered by the DDTC, a branch of the U.S. Department of State, and it mandates compliance with strict regulations and controls governing the export and import of defense articles, services, and related technical data. By completing ITAR registration, ASAP Semiconductor has solidified its commitment to ensuring the highest standards of security, integrity, and responsibility in its operations.

As an ITAR registered company, ASAP Semiconductor has undergone comprehensive assessments and demonstrated compliance with the stringent requirements imposed by the DDTC. This achievement reflects the company's commitment to safeguarding sensitive defense-related information and promoting responsible trade practices. It also further reinforces ASAP Semiconductor's ability to serve as a trusted partner to defense contractors, aerospace manufacturers, and government agencies, both in the United States and

around the world.

"We are extremely proud to announce our ITAR registration, which underscores our dedication to upholding the highest standards of compliance and security," said Joe Faruqui, CEO at ASAP Semiconductor. " This milestone reaffirms our commitment to supporting U.S. national security efforts and aligns with our company's core values of integrity, accountability, and excellence."

Moving forward, ASAP Semiconductor is well-positioned to provide an extensive range of products and services to defense and aerospace customers. The company's vast inventory of electronic components, aircraft parts, and military-grade equipment, combined with its stringent export control measures, ensure that sensitive items are handled and supplied in full compliance with U.S. regulations.

About ASAP Semiconductor:

ASAP Semiconductor is a global distributor of electronic components, aviation and aerospace parts, offering a comprehensive inventory of over 10 million parts from over 5,000 [leading manufacturers](#). With its unwavering commitment to quality, compliance, and customer satisfaction, ASAP Semiconductor serves as a trusted partner to customers in the defense, aerospace, and commercial industries.
