

Rescue Dog Wines Launches First California Pinot Noir

ACAMPO, CA, USA, June 1, 2023 /EINPresswire.com/ -- [Rescue Dog Wines](#) recently announced the newest wine added to their robust lineup, a 2021 Central Coast Pinot Noir. This complex vegan wine was aged for 12 months in French oak barrels using traditional winemaking methods. It contains notes of hibiscus, dark cherry and earthiness with a smooth finish.

Founded in 2017 and based in Acampo, Calif., Rescue Dog Wines is the vision of owners Blair and Laura Lott who wanted to create premium wines rooted in the French tradition, while benefiting rescue dog organizations. Since launching Rescue Dog Wines, the Lotts have transformed their Acampo property into a sustainable, Lodi Rules–certified vineyard. Their collection of wines ranges from whites, to rosés to reds and includes both still and sparkling offerings. All of the brand's wines are made from grapes grown on the estate or sourced from superior California growers.

"We are so proud of our newest wine offering," said Blair Lott. "We are equally impressed with our winemaker, Susy Rodriguez Vasquez. Her passion to create remarkably expressive, sustainable wines is the reason this Pinot Noir is of such high caliber. We take our winemaking very seriously to honor our mission and the companion animals we support."

Each bottle in the Rescue Dog Wines collection notably celebrates a different dog breed, and the 2021 Pinot Noir is the first to feature a French Bulldog, in honor of the French-inspired method of winemaking used to produce it.

The 2021 Central Coast Pinot Noir can be purchased in stores across California and online. For more information, visit rescuedogwines.com.
