Ziperase Data Erasure Integrates with Makor ERP 2.0

Ziperase Certified Data Erasure has announced their collaboration with Makor Solutions, integrating their flagship Makor ERP 2.0.

AUSTIN, TX, UNITED STATES, June 1, 2023 /EINPresswire.com/ -- Ziperase Certified Data Erasure has announced their collaboration with Minneapolis-based Makor Solutions, integrating their flagship Makor ERP 2.0 with the Ziperase Data Erasure solution.

Ziperase Data Erasure Integrates with Makor ERP 2.0

This partnership enables IT Asset Disposal (ITAD) companies to manage their data security needs through a comprehensive ERP solution, specifically designed for the electronic waste recycling and IT Asset Remarketing industries. Ziperase also supports Makor's redeveloped, industry-leading ERP 2.0 solution that's even more robust and better suited for today's industry demands.

> The integration of Makor and Ziperase offers ITAD clients the advantage of improved efficiency and precise reporting, all consolidated within one user interface."
>
> *Ziperase President, Khalid Elibiary*

Mark Chodos, CEO of Makor Solutions, stated, "By incorporating the Ziperase solution into the Makor ERP platform, we can achieve our goal of minimizing the manual effort needed for auditing and processing hard drives in accordance with customer specifications." He further added, "This integration not only saves time at the technical bench but also at customer service and accounting departments."

The seamless process begins with a single click, as Makor ERP initiates Ziperase's IT audit and hard drive erasure process. It then records the results, updates warehouse inventory, and applies customer charges, as needed. This all-in-one solution for the ITAD industry simplifies asset information gathering and data erasure execution.

Ziperase President, Khalid Elibiary, shared his enthusiasm for the collaboration, noting, "The

integration of Makor and Ziperase offers ITAD clients the advantage of improved efficiency and precise reporting, all consolidated within one user interface. The synergy between the two companies' solutions results in a potent and comprehensive tool."

About Makor Solutions
The MAKOR ERP™ provides IT asset disposition, reseller and e-waste companies around the globe with state-of-the-art tools to automate the complex process of asset recovery and e-waste recycling, from prospecting to pick-up, through production, into resale and downstream. The customizable Makor ERP™ platform is fully scalable, and able to support small, medium and large enterprises in both single and multiple locations.
