

eHealth Technologies to Showcase Innovative Oncology Solutions at 2023 ASCO Annual Meeting in Chicago

The event connects over 40,000 global experts to review cutting-edge science, therapies, technologies, and innovations in cancer research, education, and care

ROCHESTER, NY, USA, June 1, 2023

/EINPresswire.com/ -- [eHealth Technologies](https://www.ehealthtechnologies.com/), a leading healthcare technology company and provider of medical record retrieval and organization solutions, is pleased to announce its participation in the highly anticipated 2023 ASCO Annual Meeting in Chicago. The event, taking place from June 2-6, brings together oncology professionals, researchers, and industry leading

organizations such as the National Cancer Institute, the FDA's Oncology Center of Excellence, Moffitt Cancer Center, City of Hope, and others from around the world to discuss the latest advancements in cancer care.

“

Through our advanced technology and expert services, we facilitate faster, more accurate diagnoses, informed treatment decisions, and improved care coordination.”

*Anurag Sinha, Vice President
of Product Management*

eHealth Technologies is thrilled to have its senior leaders in attendance at the conference, where they will be available to meet with members of the media, healthcare professionals, and the attendees. Their expert insights and industry knowledge will offer valuable perspectives on the latest trends and challenges in oncologic-related record retrieval.

In addition to their presence at the event, eHealth Technologies will be exhibiting their comprehensive suite of services in booth 2085, including their newest products that are advancing the clinical trials prescreening process. Attendees will have the opportunity to explore how eHealth Technologies' innovative solutions, including medical record retrieval, digitization, and organization, empower healthcare providers and help improve overall patient outcomes.

"We are excited to showcase our oncology solutions at the ASCO Annual Meeting," said Anurag Sinha, Vice President of Product Management, eHealth Technologies. "Our mission is to be the trusted partner for oncology professionals by streamlining access to critical patient information,

especially when time is of the utmost importance. Through our advanced technology and expert services, we facilitate faster, more accurate diagnoses, informed treatment decisions, and improved care coordination."

For media inquiries, interview requests, or to schedule a meeting with eHealth Technologies' senior leaders at the 2023 ASCO Annual Meeting, please contact Cara Bowen (cara.bowen@eHealthTechnologies.com) or visit our booth (#2085) at McCormick Place during the conference.
