Rebatify layers a sequence of intuitive, wizard-based screens on Salesforce Rebate Management for Manufacturing Cloud to set up, manage, and monitor rebate programs with just a few simple question and answer-based screens.

Rebatify

With Rebatify, users can:

- Select starting and ending dates for rebate programs
- Choose the type of rebates
- Import customer lists directly from Salesforce or upload their own lists

Manufacturing channel directors, as well as sales and marketing directors, need a quick and easy way to use automation tools within Salesforce Rebate Management for Manufacturing Cloud. rSTAR’s focus is on helping manufacturers and other asset-intensive industries improve customer experience. Rebates are an important marketing activity for such companies but managing rebates using spreadsheets can be a headache. Rebatify, when used with Salesforce Rebate Management for Manufacturing Cloud, makes it easy to automate the entire rebate management process.

Comments on the News

□ “We understand the need to make such platforms easy to use for non-technical staff from our work over the years with many mid and large-sized manufacturers. Rebatify works with Salesforce Rebate Management for Manufacturing Cloud to make it easier to use,” said Vivek Ahuja, Vice President, Information Technology

□ “Rebatify is a win-win, because manufacturers can now move from spreadsheets to full automation of their rebate programs, all within the Salesforce ecosystem,” said Danny Asnani, Vice President, Client Engagement

□ “Rebatify is a welcome addition to AppExchange, as it accelerates business transformation for customers by making Salesforce Rebate Management for Manufacturing Cloud setup and use easy and intuitive,” said David Lee, Vice President of Product Management, AppExchange. “AppExchange is constantly evolving to connect customers with the right apps and experts for their business needs.”
