

New FWC Certified Turtle-Safe Area, Flood and Wall Lights

CARA LED Florida Wildlife Commission certified turtle-safe area lights, flood lights, and wall lights.

WORCESTER, MA, UNITED STATES, June 7, 2023 /EINPresswire.com/ -- Access Fixtures, a leader in commercial and industrial LED lighting, today announced the launch of CARA, a new line of [FWC Certified](#) Sea Turtle friendly LED [area](#), flood, and [wall lights](#). These include a baffle in line with FWC requirements. These lights are premium build and heavy duty, featuring EXTREME-LIFE L70 rated @ 320,000 and a die-cast aluminum housing, providing years of maintenance free performance. CARAs are also IP66 rated, ideal for wet locations and protected against water jets. The CARA's energy-efficient monochromatic 590nm amber LEDs

provide turtle-friendly and wildlife-friendly LED lighting, ideal for the eco-conscious consumer or those looking to comply with local conservation requirements. These fixtures are available in 22w, 37w, and 81w options. CARAs offer the ultimate in versatility, available with a variety of mounting options including arm-mounting, easy-hang wall bracket mounting, slip fitter mounting, and knuckle mounting.

“

CARAs are designed to offer maximum versatility with premium build quality and a classic style”

Steven Rothschild

“The CARA FWC Certified Sea Turtle friendly range of area, flood, and wall lights are the perfect commercial lighting solution for those who need durable, reliable, long-lasting fixtures which are compliant with FWC sea turtle requirements,” said Access Fixtures CEO Steven Rothschild. “CARAs are designed to offer maximum versatility with

CARA LED FWC Certified Turtle-Safe Area, Flood and Wall Lights from AccessFixtures.com

premium build quality and a classic style.”

A wide range of options are also available in the CARA line. There are a variety of microwave motion sensors to choose from, including sensors incorporating dimming and IR sensors facilitating the sensing of motion at heights of up to 40'. A narrow beam lighting option is also available for an additional cost. Photocells are also available in the CARA range allowing for the maximization of efficiency by automatically turning the lights on when it's dark, and off when it's bright. Two surge protection options are available to protect the fixture: a 120-277VAC 10KA surge suppressor option and a 347-480VAC 10KA surge suppressor option. The fixture incorporates nickel-plated stainless steel hardware.

About Access Fixtures

Access Fixtures offers factory-direct commercial, industrial, hospitality, and sports lighting for less. Featuring luminaires with LED, PSMH, and fluorescent light sources and with custom manufacturing capabilities, Access Fixtures builds luminaires and poles to the performance specifications our clients require.
