

# New CARA EXTREME-LIFE Rated 590nm Amber LED Area/Flood/Wall Packs

*Turtle friendly, wildlife-friendly 590nm Amber LED area lights, flood lights, wall lights. Mounting options. EXTREME-LIFE L70 @ 320,00 hours and IP66 rated*

WORCESTER, MA, UNITED STATES, June 9, 2023 /EINPresswire.com/ -- Access Fixtures, a leader in commercial and industrial LED lighting, today announced the update and re-launch of CARA turtle-friendly and wildlife friendly 590nm Amber LED [area](#), [flood](#), and [wall lights](#). These lights are premium build and heavy-duty, featuring EXTREME-LIFE an L70 @ 320,000 hours rating, and a die-cast aluminum housing, providing years of maintenance-free performance. CARAs are IP66 rated, ideal for wet locations, and protected against water jets, such as water being blasted by hurricane-speed winds. CARA's energy-efficient monochromatic 590nm amber LEDs provide turtle-friendly and wildlife-friendly LED lighting, ideal for the eco-conscious consumer or those looking to comply with local conservation requirements. These LED light fixtures are available in 22w, 37w, 81w, and 167w options. CARAs offer the ultimate in versatility, available with a variety of mounting options including arm-

mounting, easy-hang wall bracket mounting, slip fitter mounting, and knuckle mounting.

“The CARA 590nm Amber LED area, flood, and wall lights are the perfect commercial lighting solution for those who need durable, reliable, long-lasting fixtures with 590nm Amber Turtle-safe LEDs,” said Access Fixtures, CEO Steven Rothschild. “CARAs are designed to offer maximum

versatility with premium build quality and a classic style."

A wide range of options are also available in the CARA line. There are a variety of microwave motion sensors to choose from, including sensors incorporating dimming and IR sensors facilitating the sensing of motion at heights of up to 40'. A narrow beam lighting option is also available for an additional cost. Photocells are also available in the CARA range allowing for the maximization of efficiency by automatically turning the lights on when it's dark, and off when it's bright. Two surge protection options are available to protect the fixture: a 120-277VAC 10KA surge suppressor option and a 347-480VAC 10KA surge suppressor option. The fixture incorporates nickel-plated stainless steel hardware.

#### About Access Fixtures

Access Fixtures offers factory-direct commercial, industrial, hospitality, and sports lighting for less. Featuring luminaires with LED, PSMH, and fluorescent light sources and with custom manufacturing capabilities, Access Fixtures builds luminaires and poles to the performance specifications our clients require. Luminaire types include wall packs, area lights, bollard lights, garage lighters, vandal resistant lights, exit and emergency lights, high bays, and vapor-tight luminaires.
