

TECWARE MAKE HEADLINES AT COMPUTEX 2023

BRAND NEW KEYBOARDS, PC CASES AND MANY MORE GREAT PRODUCTS AT DISPLAY

SINGAPORE, SINGAPORE, June 4, 2023 /EINPresswire.com/ -- Tecware, a global leader in PC cases, gaming peripherals, and components, was making waves at COMPUTEX 2023. The highly anticipated return of Tecware to the renowned expo drew immense excitement as attendees were enthralled by the brand's latest lineup of innovative products.

Founded in 2014 in the Philippines, Tecware began as a boutique brand catering to local DIY PC builders, offering unique computer cases. Over time, the brand expanded its reach globally, diversifying its product range to cater to a broader market, including gamers, content creators, and casual users.

Today, Tecware is renowned worldwide for its commitment to exceptional quality, meaningful designs, and a perfect balance between price and performance. With its current base in Singapore, Tecware has built invaluable relationships with its loyal customers and fans by providing outstanding products of exceptional quality and masterful craftsmanship that reflect market trends. resonate well with the current market trends.

At COMPUTEX 2023, Tecware showcased an impressive array of its latest and most popular products, leaving attendees in awe. The highly anticipated Phantom+ Series keyboards stole the spotlight, building upon the success of their flagship 'Phantom' mechanical keyboard. Tecware has incorporated significant enhancements into the Phantom+ models, such as pre-lubed switches, multi-layered foam padding, and a detachable USB-C cable, delivering an unparalleled out-of-the-box typing experience. Additionally, Tecware introduced the 'Elite' version of the Phantom+ keyboard, which boasts additional features, including wireless capability, PBT keycaps, universal switch sockets, and a coiled cable.

In addition to the remarkable keyboard lineup, Tecware also showcased its latest computer cases and accessories. Visitors to the booth had the opportunity to explore popular releases, including fully built systems featuring Tecware cases and case accessories such as RGB fans, all-in-one coolers, and extension cables. These exhibits offered a comprehensive overview of Tecware's dedication to innovation, performance, and aesthetic appeal in PC customization.
