"Every aspect of its expressive silhouette has been designed with the electrifying performance of the ID. SPACE VIZZION in mind. Its aerodynamic shape is particularly impressive, enabling a drag coefficient of 0.24 and a range of up to 590 kilometres (WLTP). The specially designed flow openings in the striking vehicle front direct the airflow to the rear and simultaneously refine the saloon's progressive design. " - [Volkswagen.co.uk](https://www.volkswagen.co.uk)

The ID. Space Vizzion is the latest addition to Volkswagen's ID. family of all-electric vehicles, which includes the ID.3 hatchback and the ID. Crozz SUV. This line-up of [Volkswagen EVs](https://www.volkswagen.com) stands to be a real game changer in the EV space.

"With perfected aerodynamics and cutting-edge electric drive technology the ID. SPACE VIZZION creates plenty of space for comfort and uncompromised performance. A vision of a new vehicle class that can set new standards in every possible way." - Volkswagen
