

Wards 7 and 8 Welcome Community-Wide Electronics Recycling Event this Saturday

WASHINGTON, D.C., DISTRICT OF COLUMBIA, UNITED STATES, June 6, 2023 /EINPresswire.com/ -- Reverse Logistics Group - a licensed representative of companies that produce the world's most popular electronic products - is working with the District of Columbia's Department of Energy and Environment to offer residents, small businesses and small non-profits in [Ward 7/Ward 8] safe and easily accessible opportunities to recycle old and outdated devices.

If you can't use or fix it - It's time to Recycle it!

We will be in your neighborhood on Saturday, June 10th from 9am to 1pm. Our Collection vehicle will be located at Cesar Chavez Market on Parkside PI NE south of Cassell PI NE. Participants can bring their electronic items in as-is condition to the truck and we take it from there.

Items we can accept for recycling include: computers, tablets, monitors, TVs, desktop printers, mice, keyboards, video game consoles, and cell phones.

Please note, we cannot accept any items that are not listed on the acceptable items list.

A complete list of acceptable items, collection event dates, and locations can be found at www.rev-log.com/DCcycling.

The flyer features the RLG logo at the top, followed by the text "REVERSE LOGISTICS GROUP". Below this, the word "FREE" is written in large orange letters. To the right of "FREE" is a smaller RLG logo with the text "REVERSE LOGISTICS GROUP" underneath. The main headline reads "E-WASTE RECYCLING" in large white letters. Below the headline, the text "Computers, Printers, TVs, Monitors, & MORE" is written in orange. A QR code is located on the right side of the flyer. Below the QR code, the text "32 collection events in 2023 for DC residents, small businesses, and small non-profits." is written in white. At the bottom right of the flyer, the website "www.rev-log.com/dccycling" is listed.

Scan this code to access a list of acceptable items and event details for 2023.

RLG and its electronics manufacturer partners are committed to making it easy for District residents to recycle unwanted electronic items and divert recyclable products from landfills. As an industry leader in electronics takeback services, RLG employs the highest standards for handling electronic returns from start to finish.

About RLG: Reverse Logistics Group is a global 4PL service provider specializing in the development, operation, and regulatory compliance of tailored end-to-end solutions for all aspects of product take-back and returns management. More information about RLG can be found at www.rev-log.com/us .
