/EINPresswire.com/ -- Green Light Real Estate, with offices in Montpelier, Northfield, and Barre, celebrates ten years of providing [comprehensive buyer and seller services in Central Vermont](#) and statewide.

"A lot has changed in the industry in the past 10 years, especially in terms of technology for searching for a home, and also for managing the whole transaction from first meeting with a client through to a successful closing."

“

The team atmosphere contributes to our success in a competitive field, because we lift up and support team members, clients, and the community."

Maria Lamberti

"Believe it or not, it's actually possible for buyers to not even see their house until they move in and to never meet their Realtor. Even though that's possible, [our team](#) really makes sure that we have strong personal connections with our clients and that everyone knows it's more than [just buying or selling a house in Vermont](#). We're always talking about ways to 'Hug our customers'", no matter who they are, no matter what type of property we're talking about. I think that's really what sets us apart and makes us all

tick."

As part of the ten-year celebration, the company is currently running its Give Back To School campaign and donating to local PTNOs for every property listed for sale with Green Light Real Estate before the end of June.

Regarding the Give Back To School campaign, Mikus adds, "As a former teacher, I know the impact PTOs have on kids' educational experiences. Those extra educational, experiential, and fun things can really stay with kids. Anything that we can do to help with more of those, we're all for!"

Several thousand dollars have already been raised.

Longtime office manager Maria Lamberti adds, "I have been with GLRE for over seven years now and love how the office continues to grow. The team atmosphere contributes to our success in a competitive field because we lift up and support team members, clients, and the community. Looking forward to the next ten years and beyond!"
