This type of refers to the combination of semolina flour with water and usually no egg and

pressed through molds and cut into a variety of pasta shapes. Its solid texture and ability to withstand other components make it ideal for substantial recipes like ragu sauces, soups, and casseroles. Dough refers to the combination of flour with water, and occasionally yeast, oil, or sugar, in order to prepare it for baking. It is used to make pizzas, pretzels, beignets, and bread. Flour mixes refer to the culinary product where flour serves as the base and is then combined with liquid, sugar, butter, various fruits, and leavening agents. They are used in baked, fried, or steamed, food products.
