Jamie M. Lima, Founder of Allegiant Divorce Solutions

Allegiant Divorce Solutions (ADS) recognizes that every divorce is different, and services are tailored to meet the unique needs of each client. Whether you are in the beginning of the divorce process or are already in the midst of it, ADS is will provide the support and expertise you need to get through it with your finances intact.

"I went through what could be considered a very emotional (and financially draining) divorce in 2017. This is my opportunity to help others get through this process with more knowledge than I had available to me at the time, and really create an equitable settlement for them. Though I am a financial planner by trade, the nuances of the divorce-settlement process can be incredibly complex. In my own divorce, I just wanted it to be over, so I made some mistakes along the way. Had I had a CDFA® in my corner, I can't imagine I would have made them," Lima went on to say.

Jamie Lima created Allegiant Divorce Solutions after 18 years working as a financial planner for Morgan Stanley, Fidelity Investments, and most recently, his own firm, [Woodson Wealth Management](#). Lima brings a wealth of knowledge in the areas of financial planning, investment strategy, and incentive compensation. Jamie has a degree in finance and received his MBA from National University in San Diego. As a CERTIFIED FINANCIAL PLANNER™ and Certified Divorce Financial Analyst®, ADS's mandate is to approach all of the advice provided from a fiduciary perspective.
