Godzilla Interception Operation Awaji is the world's only entertainment attraction in which visitors can experience the full power of Godzilla, with the world's largest life-size Godzilla, spanning 120m in length, landed on Awaji Island. Visitors assume their roles as members of the National Awaji-Island Institute of Godzilla Disaster (NIGOD) and take on missions such as a 'zip line' to plunge into Godzilla's body for inspection, and a 'shooting game' to destroy scattered Godzilla cells.

A range of original merchandise from the National Awaji-Island Institute of Godzilla Disaster (NIGOD) can also be found in the attraction, in addition to a Godzilla themed menu featuring dishes that will fully immerse visitors in the world of Operation Godzilla Interception Awaji.
