"MagEZ vs the World

After having a week with the MagEZ Folio 2, it's clear to see it has many advantages over the offerings from the competition...even Apple's own Smart Folio. The materials are top-notch and are built to last while looking sleek and minimalistic. The several different ways to fold the cover makes this folio useful and versatile. 5 stars isn't a high enough rating! I would recommend this product to anyone with an iPad Pro 12.9!"
