

The Iron Dome Pizza Oven Company Unveils a Revolutionary Portable High Temp Pizza Oven Taking Pizza to New Heights

The portable pizza oven reaches temperatures over 800F and works on gas or electric stovetops, outdoor burners, grills, and campfires. Artisan pizza in 20 min

RESTON, VA, UNITED STATES, June 12, 2023 /EINPresswire.com/ -- The Iron Dome Pizza Oven Company Unveils the Revolutionary Iron Dome Pizza Oven for the Stovetop, Outdoor Burners and Grills, and Campfires, Taking Homemade Pizza to New Heights

Reston, VA, June 1st, 2022 - The Iron Dome Pizza Oven Company proudly announces the release of the Iron Dome Pizza Oven, cutting-edge cookware designed to transform the way you make pizza at home.

Iron Dome Pizza - Portable Pizza Oven for the Stovetop

The Iron Dome Pizza Oven is a game-changing portable pizza oven that employs two independent heat sources - a bottom baking steel and a steel plate inside a thermally baffled carbon steel dome - to ensure quick, evenly cooked pizza every time. This groundbreaking oven promises to deliver restaurant-quality pizza in the comfort of your own kitchen quicker than cooking a frozen pizza. Pizzas are quickly baked at over 800F in 2 minutes on your stovetop!

Compatible with gas stoves, many electric burners, and a variety of outdoor cooking setups like charcoal grills and campfires, the Iron Dome Pizza Oven is perfect for pizza enthusiasts, culinary adventurers, and professional chefs alike. The oven's versatile design makes it easy to enjoy gourmet pizza, no matter the setting.

Mike Pilon, Founder of The Iron Dome Pizza Oven Company, says, "I am thrilled to introduce the Iron Dome Pizza Oven to the market. I have always been somewhat of an amateur cook and in search of a way to produce Neapolitan style pizzas quickly and without the hassles and costs

associated with conventional pizza ovens. My goal was to create a product that makes the art of pizza-making accessible to everyone, and I believe the Iron Dome does just that. Now, everyone can enjoy the thrill of crafting restaurant-quality pizza at home."

In addition to its exceptional pizza-making capabilities, the Iron Dome Pizza Oven is perfect for cooking a variety of dishes, such as steaks, seafood, and baked goods. Its unique compatibility with a 12-inch cast iron skillet further expands its potential for culinary creativity.
