The latest news and trends for the construction, building and design community

SUNDRE, ALBERTA, CANADA, June 15, 2023 /EINPresswire.com/ -- Construction Links Network is a unique news platform where members "Get More Eyes" on their digital content and increasing their SEO.

The network includes thousands of Canadian construction managers, contractors, developers, building managers, property managers, architects, designers, engineers, government officials and more.

Members use this platform to share and onboard their digital content on the Internet, through social media and our popular Round Up News Magazine. Ideal for product / service releases, company announcements, blogs, podcasts, webinars, case studies, videos and more.

The first top video is courtesy of Infrastructure Health & Safety Association (IHSA) who encourage us to inspect the harness for maximum safety when working at heights. A damaged harness can be the difference between a near-miss incident and a catastrophic fall.

The second top video introduces Dave Beaudoin, a bridge deck crane operator, who answers nine questions about his time working on the Gordie Howe International Bridge project - a once-in-a-generation undertaking.
