

The INNOCN 15.6 inch OLED Portable Monitor 15A1F and the Spacetop are the Combo for Multitasking

SHENZHEN, GUANGDONG, CHINA,
June 15, 2023 /EINPresswire.com/ --

The team of researchers and developers at Shenzhen Century Joint Innovation Technology Company Ltd. (INNOCN) are true pioneers of innovation. With a name that symbolizes "Innovation China," INNOCN has been crafting exceptional monitor designs for nearly a decade, gaining recognition in recent news for its remarkable portable monitors.

Among INNOCN's impressive lineup is the INNOCN 15.6 inch OLED Portable Gaming Monitor 15A1F. This monitor proves to be an excellent choice for travel and serves as a highly functional external monitor for laptops.

The 15A1F monitor serves as an excellent companion to the Spacetop, an innovative augmented reality (AR) laptop revolutionizing daily tasks. While the Spacetop can be utilized as a 100-inch virtual canvas with NReal glasses, its DisplayPort input also enables seamless compatibility with high-definition monitors like the 15A1F. Since the Spacetop is screen-less, pairing it with the 15A1F is ideal, allowing users to multitask during plane flights, in work lounges, and even in hotel conference rooms.

The INNOCN 15A1F portable OLED monitor boasts an array of impressive features. Weighing a mere 1.6 lbs, it is incredibly lightweight, making it great for travel. With outstanding color accuracy and full HD resolution, the 15A1F delivers lifelike images that captivate the viewer. The inclusion of OLED backlighting further enhances the visual experience, while its wide
