

# UFANDAO Introduces Gamified Fundraising on Its Decentralized Platform

TALLINN, ESTONIA, June 16, 2023

/EINPresswire.com/ -- UFANDAO, the first decentralized platform enabling peer-to-peer fund transfers without commissions or fees, is thrilled to announce the launch of its gamified fundraising experience. This groundbreaking model empowers users to become heroes by voluntarily supporting fellow members' dreams or passionate dreamers seeking funding while simultaneously aiding others.

With the introduction of the karma system, UFANDAO leverages the power of good deeds to provide support to its members. The platform embodies the philosophy of personal growth, enabling individuals to become better versions of themselves, regardless of their past experiences.

To incentivize active participation and fundraising, UFANDAO rewards its members with a variety of community badges that activate their unique fundraising superpowers.

The official launch of this innovative platform is scheduled for mid-summer. However, pre-registrations are already open to the public through dream campaign creation on the landing page of the website, allowing users to secure their spots and prepare for the exciting opportunities ahead.

About UFANDAO:

UFANDAO is a next-generation decentralized fundraising platform dedicated to fulfilling the financial needs and dreams of its members. Founded by a passionate team committed to fair and decentralized fundraising, UFANDAO offers time-boundless, free, secure, and decentralized fundraising campaigns.
