

Smartcare Software Transforms Home Care Providers with Highest Rated User Adoption in Summer 2023 G2 Reports

Smartcare Software's industry-leading home care platform's G2 Summer 2023 badges further demonstrate its commitment to positioning users for growth and success.

EAU CLAIRE, WI, UNITED STATES, June 20, 2023 /EINPresswire.com/ --

Smartcare Software, Inc., provider of a complete Electronic Medical Record (EMR) and business automation platform for home care and personal care providers, is proud to announce it has been recognized for excellence by the rating leader G2 with the achievement of Highest User Adoption and High Performer in Summer of 2023 Badges.

The voice of the Smartcare community is incredibly important to us as we continue to deliver innovative solutions to the challenges of delivering care."

Scott Zielski, Smartcare Software CEO

G2 is the world's largest and most trusted software marketplace. This recognition is based on the responses of real users for each of the questions featured in the G2 review form.

"We are honored to continue to be recognized by G2 as a High Performer and for the Highest User Adoption of a care platform," said Smartcare's CEO, Scott Zielski. "The voice of the Smartcare community is incredibly important to us as we continue to deliver innovative solutions to the

challenges of delivering care. We thank our users for taking the time to leave feedback and are thrilled to see this positively reflected in our latest G2 badges."

The G2 Implementation Index Report is based on positive ratings by business professionals. Smartcare is pleased to earn the Highest User Adoption badge by receiving rankings in Ease of Setup and Ease of Admin in its category.

Smartcare also achieved the High Performer badge on the Grid® Report by receiving positive

smartcare
software

Smartcare Software provides a complete Electronic Medical Record (EMR) and business automation platform for home care.

reviews from verified users compared to similar Home Care platforms. Smartcare is pleased to earn the #1 rankings for Likelihood to Recommend and Time Tracking and Scheduling.
