

Project Portfolio Management Market SWOT Analysis, Top Players –Oracle Corporation, Microsoft Corporation, Planview, Inc

Increasing demand for improved project selection process and rising focus on objective business goals are some key factors driving

VANCOUVER, BRITISH COLUMBIA,
CANADA, June 19, 2023

/EINPresswire.com/ -- The latest research report, titled 'Global [Project Portfolio Management Market](#)', can be considered a profound analysis of the global Project Portfolio Management industry that focuses on crucial data and information pertaining to the sales

and revenue shares. The market evaluations over the forecast years are based on a comprehensive analysis of the leading market segments, such as product type outlook, application continuum, regional overview, and competitive landscape of the global Project Portfolio Management market. The report offers a holistic coverage of the Project Portfolio Management market, laying emphasis on the key factors influencing the industrial growth, technological developments taking place in the industry

The global project portfolio management market size reached USD 4.48 Billion in 2020 and is expected to register a CAGR of 12.6% during the forecast period, according to latest analysis by Emergen Research. Global project portfolio management market revenue growth is expected to be driven by rising demand for improved project selection process, and increasing focus on objective business goals. Rising need for gaining a full understanding of project processes and resource allocation is also expected to boost global project portfolio management market growth over the forecast period.

However, organizational concerns regarding data security is a key factor expected to hamper growth of the global project portfolio management market over the forecast period.
